## *ALMA MATER*

*McArthur High, our Alma Mater, of you we're proud and true;*
*As through life's path we wander, we'll always think of you.*
*We look back to our high school days, to mem'ries in our heart;*
*They'll live throughout the coming years, from them we'll never part.*

*Chorus:*

*Hail to thee: McArthur High School, faithful e'er we'll be;*
*We pattern after what you teach; your guidance we shall see.*

*Class of 1960*

# DEDICATION

*Of what comes from us,*
*comes from the heart.*
*Of what comes from McArthur,*
*Enter the Alumni-*

*McArthur, a living history of times gone by*
*and memories yet to come,*
*Creates each year a new group of Alumni;*
*faced with the biggest decision of their lives:*
*Their future and what to make of it-*

*This group, extracts from McArthur guidelines for tomorrow,*
*preparing them for a lifetime of living ...*
*We applaud our Alumni:*
*For these are the people who maintain the vitality,*
*youth and vigor of McArthur.*
*And to them, we dedicate with our*
*sincerest gratitude and respect:*
*The 25th Edition of the McArthur Yearbook.*

# In Honor of

*Shirley Troy*

*Ms. Shirley Troy an honored teacher, is deserving of recognition.*

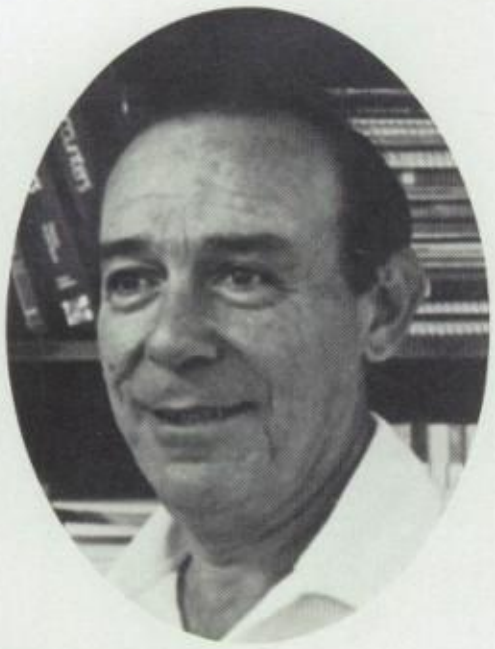
*Arriving in 1958, after teaching for three years at Eastwood Junior High and Salem High in Missouri, Ms. Troy was lured by the beautiful surroundings and newly flourishing school system, which persuaded her to stay here.*

*Once here, she quickly acclimated herself to a growing sense of excitement as McArthur bloomed into a full-sized high school, one of the first in the county.*

*She feels that though McArthur has had some problems in the past, things are definitely "Looking Up."*

*We honor you! Shirley Troy, for contributing to the quality which makes McArthur best . . .*

# In Honor of



*Ron DeLilla*

*Mr. Ron DeLilla has been a Physical Education teacher at McArthur from its opening in 1957.*

*After teaching at West-Hollywood Elementary for two years, he chose McArthur and has remained as a long-standing symbol of excellence, as well as standing up for the school he chose. He feels that this is a good school with a well- balanced faculty, added with an ideal setting.*

*According to Mr. DeLilla the students (regardless of a few) are great. And for him that is what counts*

*We honor you, Ron DeLilla for your time and dedication to a worthy cause:*

*McArthur High School.*

# Mr. James N. McArthur

*Our gratitude shall forever remain to James N. McArthur, who, in 1956 donated 40 acres of dairy farmland to the Broward County School Board. This land became the campus of McArthur High School. Though originally a Junior High School, student enrollment grew so large that in three years McArthur became a high school.*

*As cows roamed the campus, the school expanded to include a gym, a cafeteria, and various other "modern" buildings.*

*In 1959, the McArthur High Mustang football team scored a 7-3 record and placed second in the county. By 1960, Varsity basketball was added as a popular sport.*

*1964 brought the title of state champions to the boys cross country team. The girls tennis team was runner up in the state competition while the boys tennis team placed fourth in the state.*

*This same year, McArthur's student council secured membership in the National Safety Council for the eighth straight year. McArthur was the only school in Broward County to achieve this honor. During this year, McArthur also started its first drill team which was called the Drill Corps. The Drill Corps performed with the band at all football games and won many awards for their excellence.*

*History was made in 1966, when, for the first time, an all girl officers slate took the helm of the sophomore class. 1966 was also a year of success for the school newspaper, The Hi Times, which was chosen the best high school newspaper in Broward County. This was also the year that the McArthur High Band hosted the All-County Band Clinic as well as receiving a rating of superior in state contests.*

*A new swimming pool was added in 1967, and the senior class held a pool party which was the first group to use the pool. During this year, many outstanding awards were received by McArthur students. The baseball team won the county championship, the track team won the county crown, and the wrestlers won the All-County trophy.*

*McArthur's history continued with many honors, awards, and changes. In 1969, McArthur's baseball team was honored by the New York Yankees with a baseball clinic.*

*The Key Club achieved excellence in 1971 and was named the number one Key Club in Florida. The pine tree in the front of the school was also planted in honor of Mr. McArthur.*

*1976 was another year of victory for the McArthur wrestlers when they placed first out of nineteen teams in the Broward Conference Wrestling Tournament. The JV wrestlers were also undefeated the same year.*

*Since 1973 McArthur High has had an excellent Horticulture Department. For the past five years they have received numerous awards for their outstanding landscaping achievements. In 1980, the David R. Hogg Botanical Garden was designed and completed. A dedication ceremony was held to honor our present principal.*

*These are just a few highlights of McArthur's history. We look forward to many more exciting years and know more honors and awards will be forthcoming as McArthur High continues to grow and excel.*

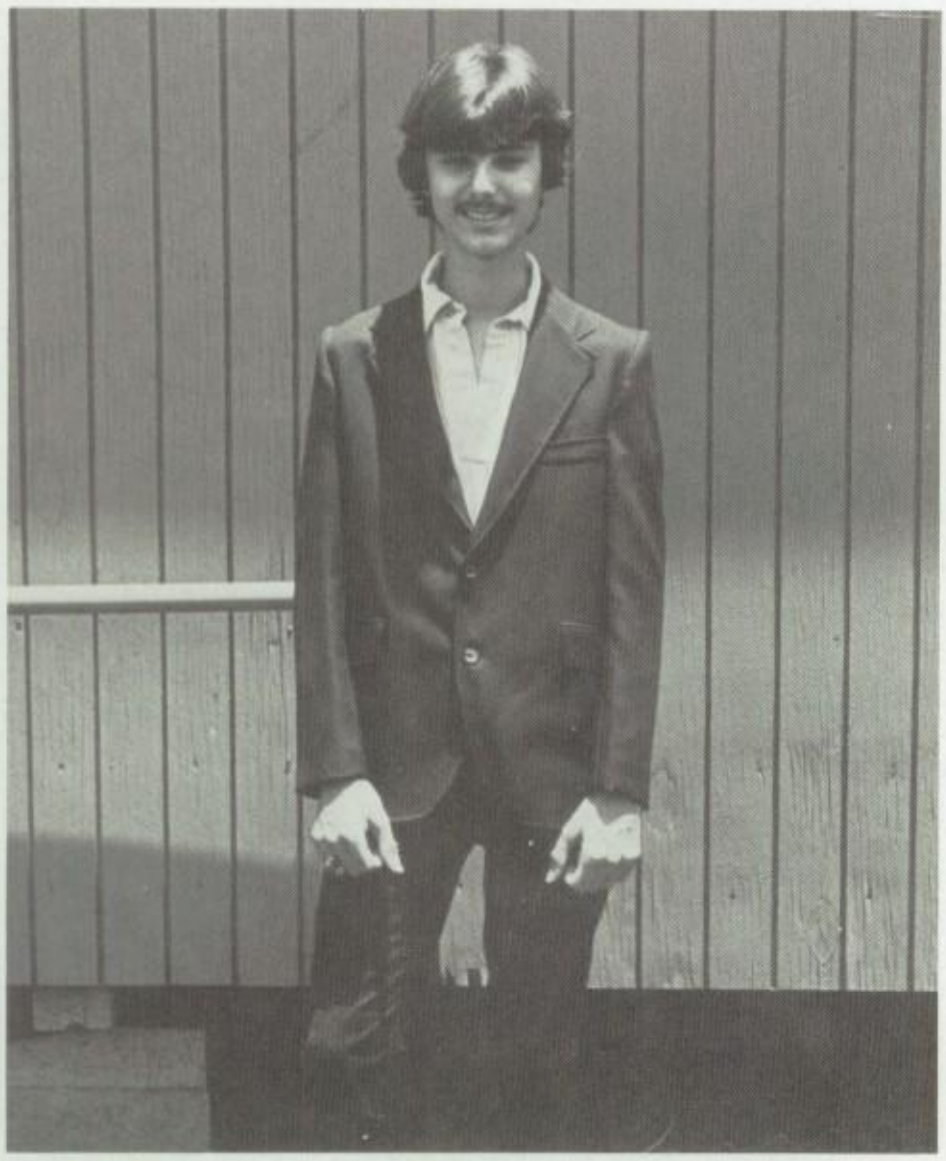
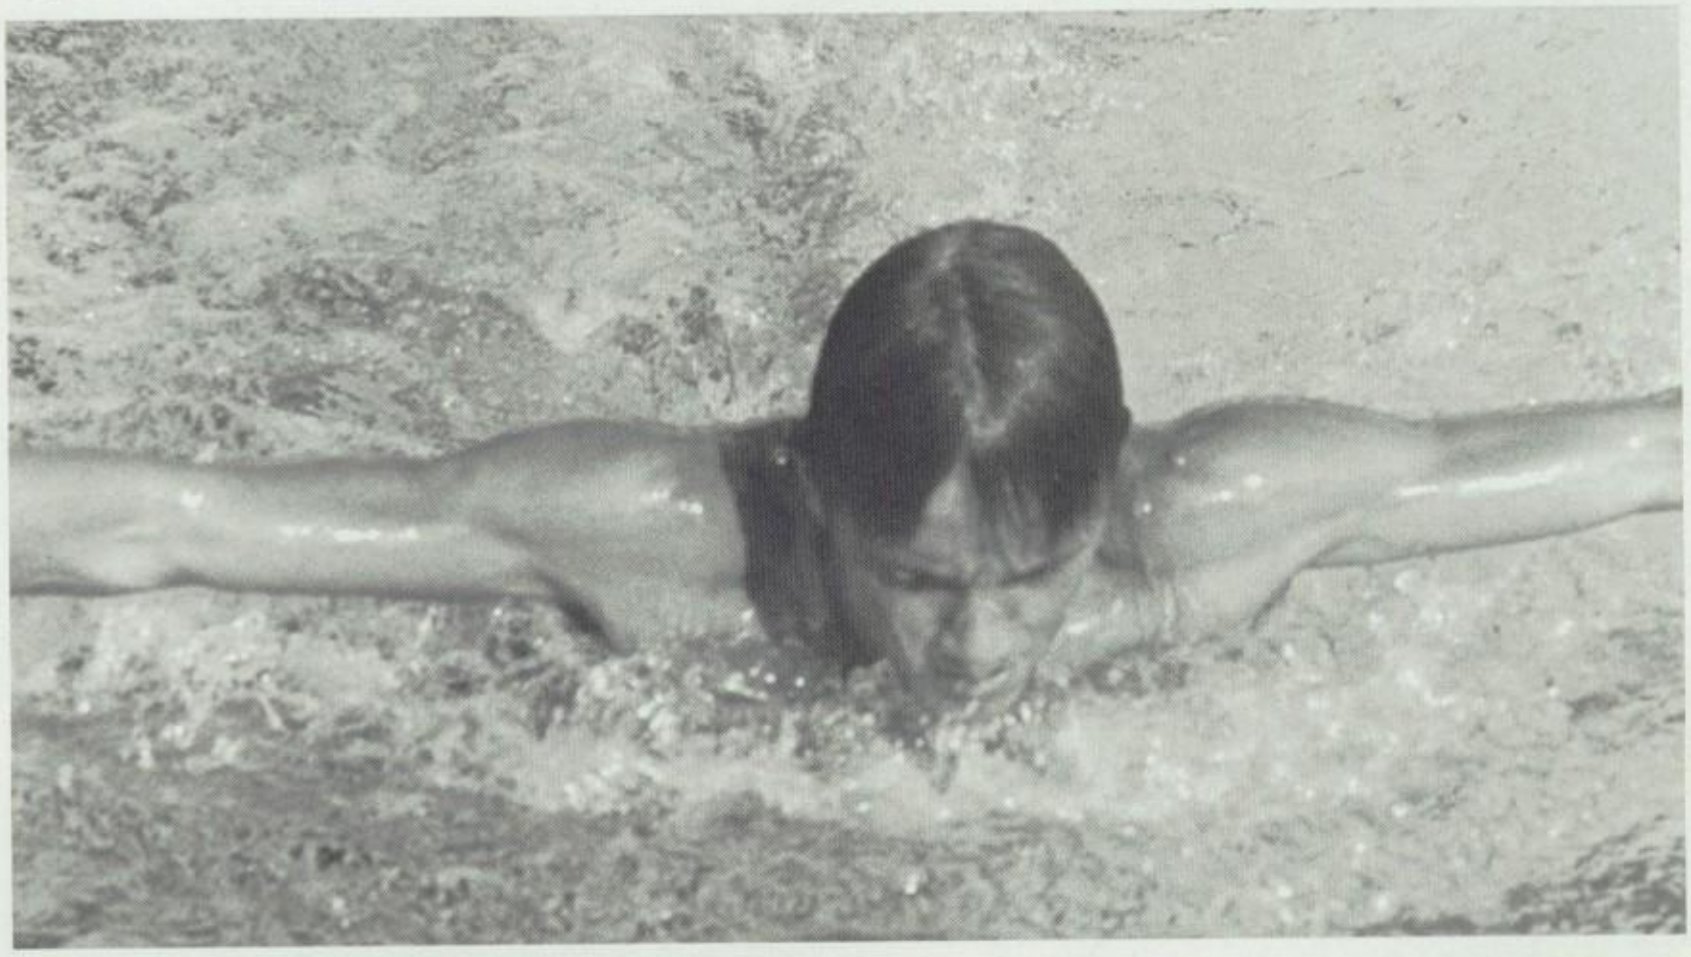
# HONORS



*Eleventh grader, Robert Frengel, has been selected to attend a scientific seminar at the United States Air Force Academy in Colorado this summer. Bob was one of 225 outstanding young men and women chosen from across the nation on the basis of their superior performance in math and science. The seminar will afford an excellent opportunity for them to increase their knowledge in the fields of science and engineering.*

*McArthur Junior, James McKathan, was one of sixteen Broward County students recently selected to attend a Freedom's Foundation Youth Seminar in Valley Forge, Pennsylvania. Jim was nominated for competition by Social Studies Department Chairman Charles Purl who is also Jim's American History teacher. Finalists were chosen on the basis of an interview in which they responded to interpretive questions regarding our history and the American way of life.*

# THE YEAR IN REVIEW



*The yearbook staff would like to extend a special thank-you to the administration, faculty and staff that have helped us make this book possible.*

*The faculty at McArthur High School is considered superior in the eyes of many. These dedicated teachers and administrative members have been with the Mighty Mustangs for a majority of our 25 year history. They continue to inspire our students to maintain our reputation for spirit, school, and community involvement.*

*For these faculty members to stay at McArthur for this period of time, shows that they believe in both our school and our students. They have been through changes in the school system, changes in society, and changes in the attitudes of our students. But, they have remained for our positive qualities which help make us superior.*

*All of the faculty members, on these two pages, are currently working at McArthur. We are lucky and proud to have a faculty who can guide and make available, the finest education that every student deserves.*

# PRINCIPAL

*Mr. David R. Hogg*

*Dear Seniors,*

*Please accept my sincerest best wishes for future success. I am hopeful that your years in school have provided you with a base from which to grow and achieve happiness.*

*While at McArthur each of you have contributed to the ever increasing richness of the tradition which embodies your school. Now that your passing into the ranks of the alumni, I hope that you shall never forget those years. Successes and failures of the future shall only mirror those of the past. Your challenge will be to handle those with the skill of one who has truly learned the value of an education and can apply the lessons of the past to solutions for the future.*

*Best wishes and good luck!*

# ADMINISTRATION

Mrs. Drago

Mr. Dunn

*Pink passes, class cuts, a barage of phone calls, listening to excuses for absences and tardies, and responding to any disciplinary problems that may come up is the order for the day in the dean's office. Students quickly learn that they will be treated fairly and kindly when called in. The dean's at McArthur have little free time and the duties performed by Mrs. Drago, Mr. Vanover, Mr. Gassett, Mr. Dunn are an integral part of the school.*

# WAYS OF LIVING

## HOME EC.

Miss Colson

Mrs. Ferraro

*In the Home Economics Department students learn many interesting and valuable skills. There are a wide variety of courses offered, all of which develop background and knowledge that can be used later on in life. The courses include: Clothing and Textiles, Family Living, Child Development, and Fundamentals of Homemaking.*

*The teachers in this department work closely with the students in the classroom and also in the community. Students in the FHA/HERO program get first hand experience working with children and the elderly people in our community. The students are involved in many fund raising projects throughout the year.*

Miss Dawson

Mrs. Kopicki

## IND. ARTS

Mr. Bushneck

Mr. Evancho

*In the Industrial Arts Department students have a choice of several different areas. These areas include: Graphic Art, Materials and Processing, Metals, Electronics, and Drafting. Through these courses students learn many technical skills that are and can be used in today's industrial world. Not only are the students taught specific skills, but they must also learn proper safety conduct and the use of different machines and equipment.*

Mr. Lorah

# LEARNING SKILLS

# KEEPING FIT

# PHYSICAL EDUCATION

Mr. Azrak

Mr. Brown

Mr. Delilla

Mr. Frissora

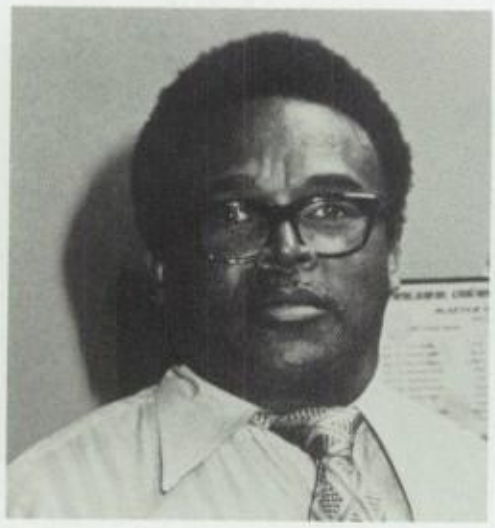
*The Physical Education Department at McArthur High is made up of seven teachers. All of the teachers try to instill in their students the importance of exercise and keeping their bodies in good physical condition. Through many group sports, students are taught how to work with and support their team members. Good sportsmanship is a basic requirement in this subject area.*

Mr. Jones

Mrs. Troy

Mrs. Wright

# WORK EXPERIENCE — LEARNING & EARNING



*Mr. Powell*

*Mrs. Schmid*

*Mr. Tomlinson*

*Mrs. Wolfson*

*The work Experience program is designed for the student that wishes to leave school early for a job allowing him/her to earn high school credit. This program is preventive, in that it encourages students to remain in school by providing relevant education which tends to lessen causes for leaving school early. It is preparatory, in that it provides employability skills through employee/employer relations. Actual work experience helps the individual in acquiring a basis from which to choose a vocation. The classroom instruction develops career awareness and attempts to direct students to further occupational training.*

# LIBRARY — INFORMATION

*Mrs. Madden*

*Mrs. Cooper*

*The library provides students and teachers alike many useful books and sources of information. Students have access to the library in their spare time or with their classes for research papers.*

*In the library we also have a well-equipped media center. Teachers can broaden their teaching strategies with the use of many films and a wide variety of audio-visual equipment.*

# RULES ON THE ROAD

Mr. Brown

*McArthur's Driver Education Program is made up of two teachers and provides the use of six automobiles. Each student is prepared through the classroom, the range, and actual on the road training.*

*The goals of the program are:*

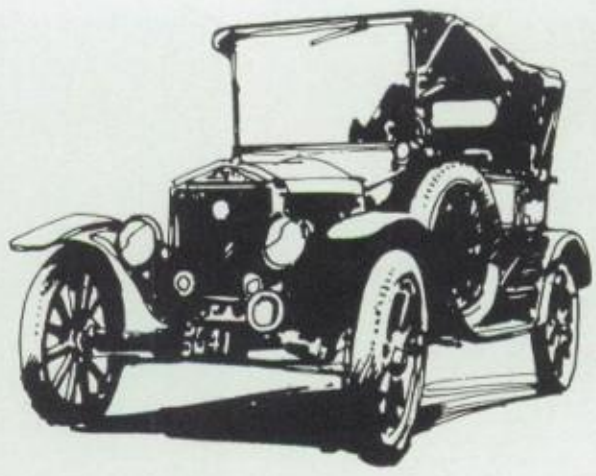
1. *To develop a persons perception, judgement, driving skills and decision making ability.*
2. *To know and understand the purpose of traffic laws, signs, signals and markings.*
3. *To be aware of the performance and handling characteristics of a car.*
4. *To prepare for the state written and driving skills tests. Safe driving requires knowledge, the ability to control the car, and the ability to judge time and spatial needs. The fact that each student learns the skills that are required in driver's education will add to the pleasure that comes with being a good driver.*

Mr. Johnson

# DRIVER'S ED—AUTO MECHANICS

*This course offers students a chance to learn about mechanics and also an opportunity to practice repairing automobiles. Students are required to learn the many parts of a car and how these parts operate. Students take this course also become members of V.I.C.A.*

Mr. Frazier II



# CAR REPAIRS

# ART = SELF-EXPRESSION

Mrs. Genualdi

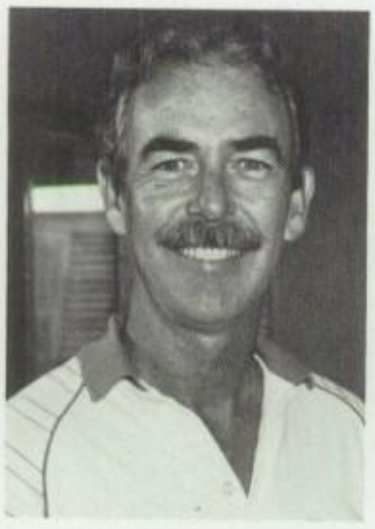
Mrs. Peddie

Mrs. Raymond

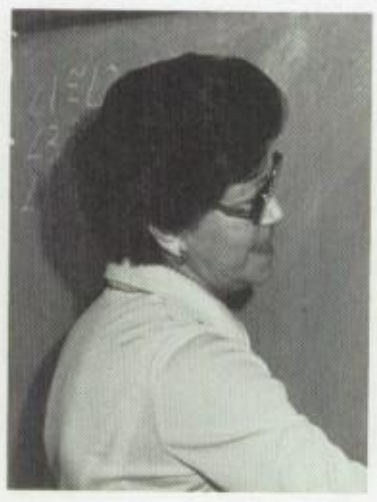
*The Art Department allows students a chance to develop creativity and also an opportunity to express themselves through their work. The teachers in this department work closely with their students. They try to encourage pride and confidence in the students and the projects required. Students can learn painting, ceramics, drawing, craft making and commercial art techniques.*

# LANGUAGES = SPEAKING WITH OTHERS

*In the Foreign Language Department students learn French and Spanish under Mr. McMeans, Mrs. Sensanbaugher, and Ms. Solomon. The Foreign Language classes help students learn about other cultures and their people. They learn to speak the language and also have many opportunities to take part and experience native customs of these different nations.*



Mr. McMeans



Mrs. Sensanbaugher

Ms. Solomon

# OUR SOUND OF MUSIC = MUSIC

*Mr. Stawski*

*Mrs. Williams*

*In the Music Department, we have two fine teachers. Mrs. Williams is in charge of the Choral Department. The Choral Department is divided into four sections; Mens Chorus, Girls Chorus, Bel Cantos, and Madrigals. The school band is under the direction of Mr. Stawski. Mr. Stawski's group is also divided into four sections; The McArthur Mustang Marching Band, the Stage Band, the Symphonic Band, and the Concert Band.*

# HORTICULTURE = ADDING BEAUTY

*Under the direction of Coach Buriff and Coach Pursell the students are involved in many facets of landscaping. The courses offered in this department teach students turf management, landscape maintenance, plant propagation, use of equipment, and many other subjects within the agricultural field. McArthur High School is now in the process of having one of the most beautiful campuses in Broward County.*

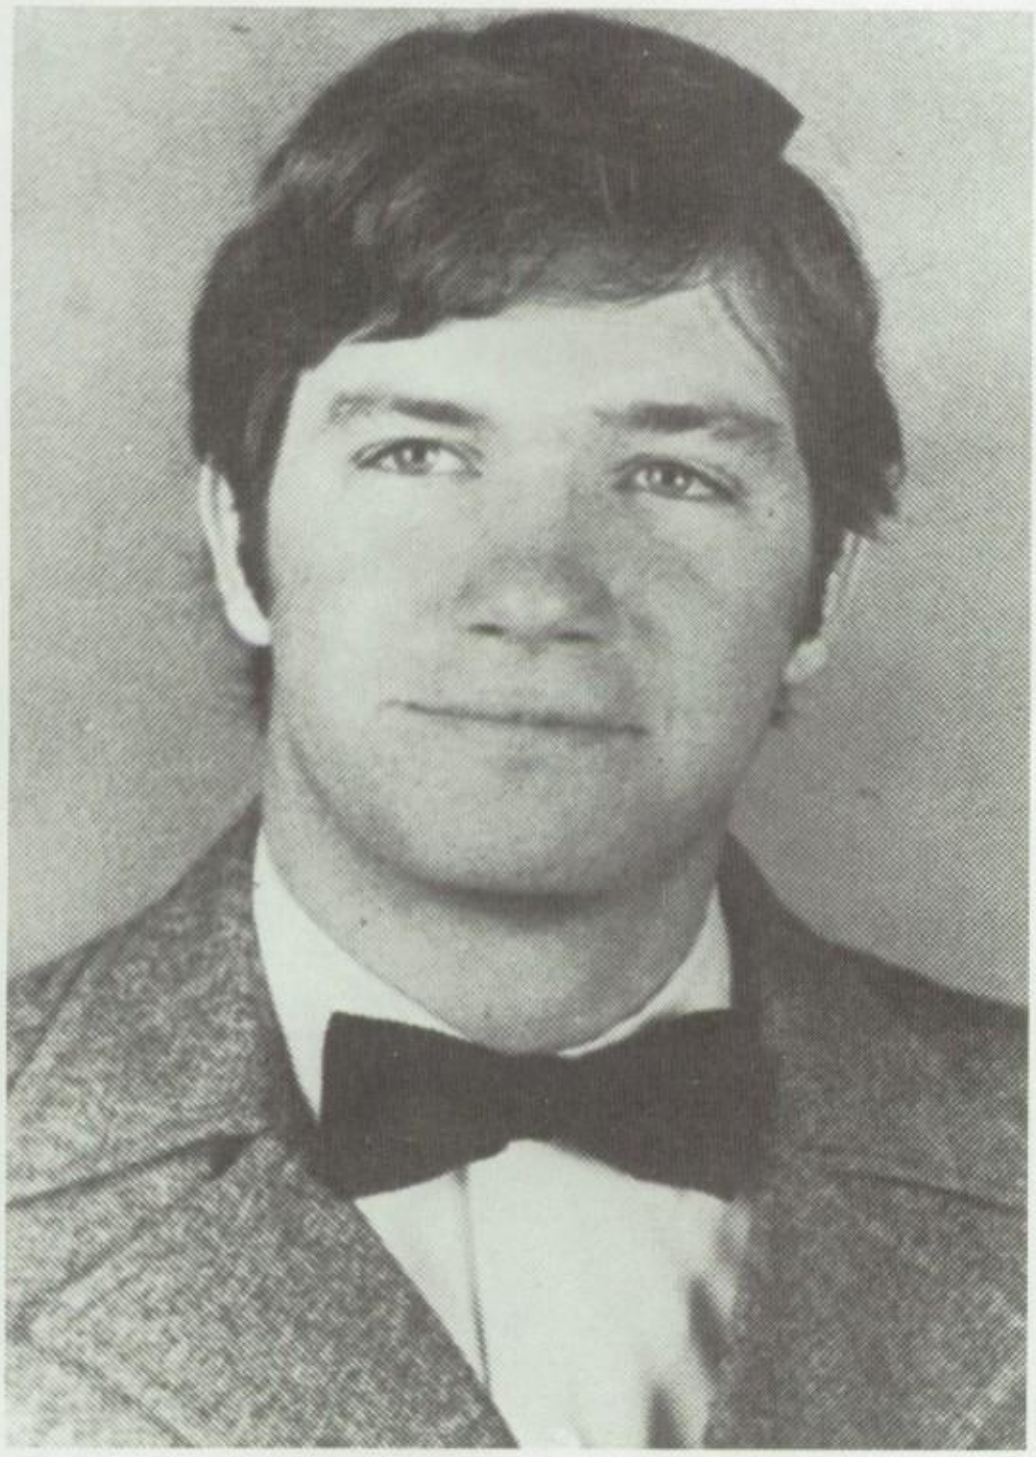
*Mr. Buriff*

*Mr. Pursell*

*Mr. Pursell has been voted as the Teacher of the Year, 1981-82, for his dedication, interest and the love he has shown towards his students. McArthur is proud to have him.*

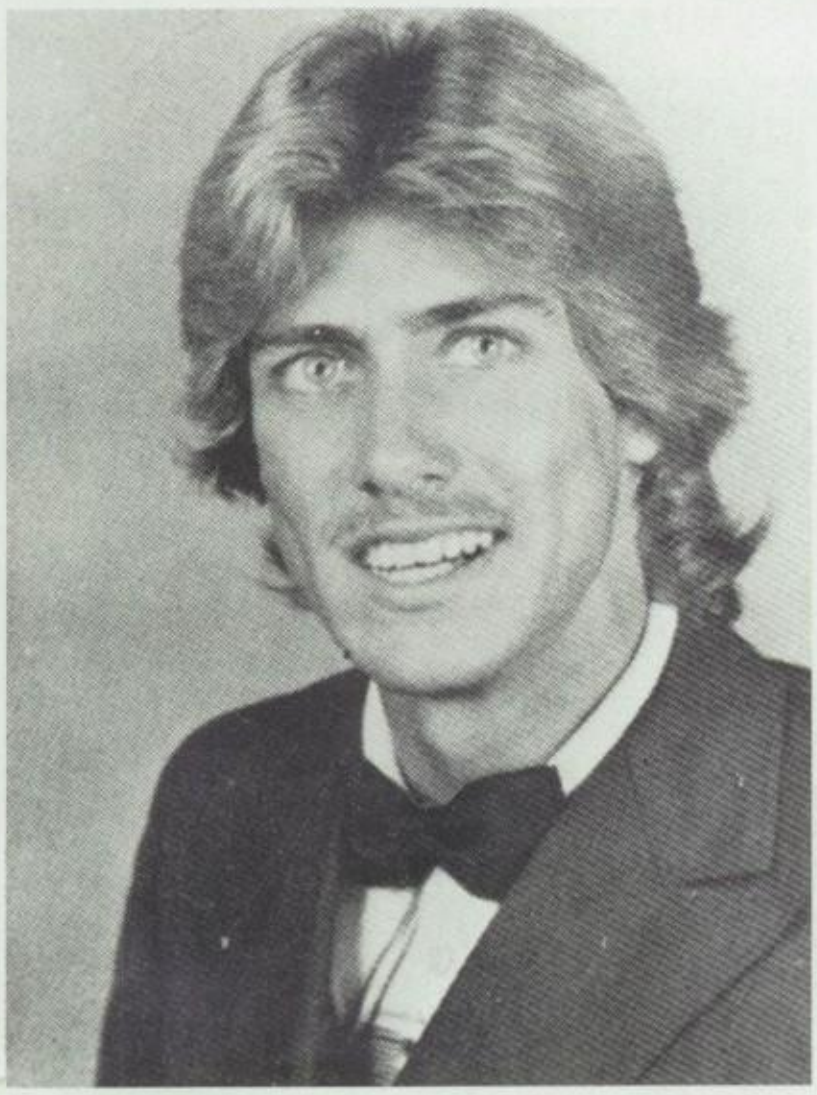
SENTIDOS
Ana M. Solís

*Carol Strugnell*



*Chris Cameron*

*Charlotte Furguson*



Dale Garris

*Seniors represent the final stage in secondary education. Their year is full of decisions and opportunities. It is the sum of their high school years, and a chance to look back upon their entire education. This is the point where they choose and make their way into the world. Some meet with success, obstacles or even tragedy.*

*However, when we think of seniors, many names come to mind. Not only do we think about the seniors of today, but we remember past seniors whether they be friends, brothers or sisters or even some of our parents. Seniors have many varied activities and responsibilities. They are the people we look at for the epitome of what McArthur is, and stands for.*

*In our history, a few names have stuck out amongst our seniors. For personality and school spirit, Carol Strugnell, was a living symbol. For athletics and intelligence combined, Chris Cameron was a winner. For looks and mannerisms, Dale Garris was a charm and for all around ability, Charlotte Furguson stood as a leader. These past seniors still carryout the standards they set for themselves in high school.*

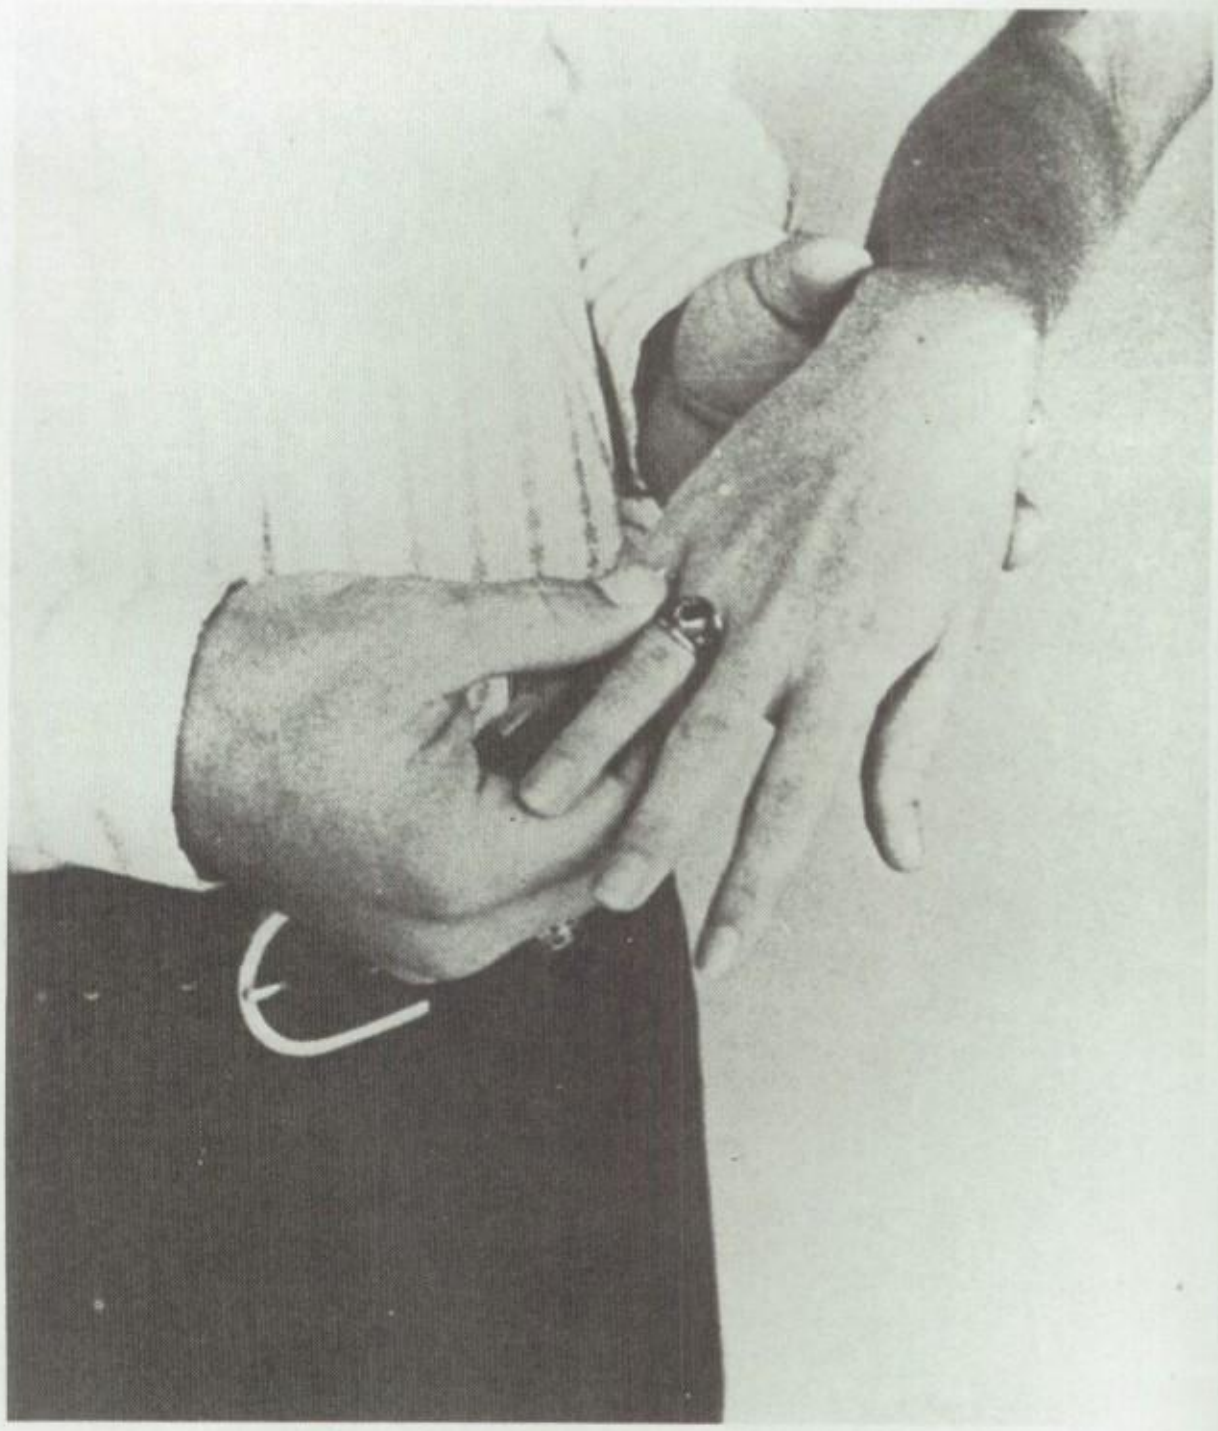
# Juniors



**Highlight of the year was Juniors receiving their class rings.**

*To be a Junior is perhaps the most difficult year in high school. Juniors are looking towards their Senior year with anxiety and wonderment of what it will bring. Juniors receive their class rings and are then traditionally ringed by a Senior. Their ring is then turned by their friends the same number of times as the year in which they graduate.*

*College-bound Juniors start taking tests that are necessary for College admittance. They also make sure that they are completing required courses for graduation. With the requirements out of the way, they can look forward to a more enjoyable senior year. This is perhaps the most difficult year academically.*

*Juniors have exibited a tremendous amount of spirit and vitality towards all school activities. In McArthur's history, there have been Junior Proms, dances, field trips and many community projects. At this point Juniors are highly committed to their school and their friends, but they will have yet another year to enjoy them.*

*Juniors at Homecoming pep rally.*

*To start the year off with a bang, the Juniors received their class rings. From ordering them, to then keeping with the traditional ringing from that special Senior, the spirit shone through. Although the Junior Class didn't win the spirit stick as in the past they acted as if they did with pride and more spirit than ever.*

*The Junior Class had a very prosperous year when it came to raising money. This includes bake sales, candy sales, carnation sales, and car washes. Excitement of the coming Senior year is running through every anxious Juniors' mind. The Juniors of today are the Seniors of tomorrow. Class of '83 is ready and willing!*

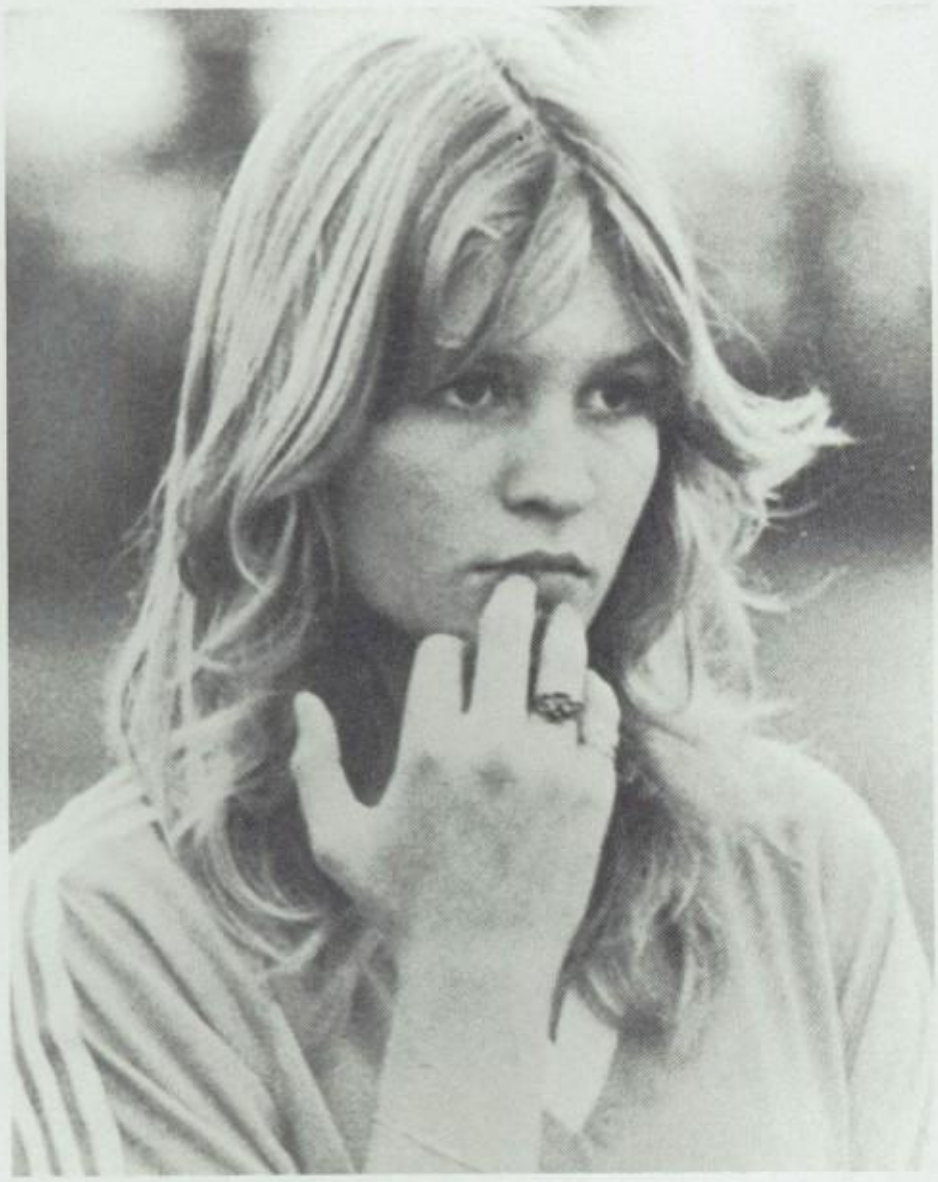
# Sophomores



*Sophomores are past that awkward freshmen year and now know enough about the school to plan courses which suit their interests. They get involved in clubs, sports and organizations. This year is somewhat of a limbo year where they can try many things before making a commitment to them. They are no longer the freshmen nor are they as experienced as the juniors. But Sophomores have more freedom than any other class. This year does not contain required English (like for the freshmen) or certain pre-designated courses like American History (for the Juniors). They do not yet have to worry about College-admittance tests or Functional Literacy tests. This year is one where they have the time to get involved in more extracurricular activities or take more difficult classes.*

# Freshmen

*Freshmen enter McArthur full of doubts, questions and uncertainty as to what to expect. They were the leaders of their middle schools just a short time ago and now they are beginning all over again. This time the school is bigger. There are more students and the school system is different. Freshmen however have not always been the youngest class to enter McArthur, as a matter-of-fact they were the second highest class. McArthur in 1957 was a Junior High-school with the classes from 7th grade to 10th grade. This lasted only about 3 years until it became a Senior High School.*

*The freshmen on these two pages are now Seniors. So Freshmen remember, at times high school may seem difficult, but we all started at the same point and survived the doubts, worries and troubles.*

*LEFT ACROSS: Meg Bryson - Secretary, Kristine Cocozzelli - Treasurer, Liz Gunther - President, Blair Heathe - Vice-President*

*Mrs. Kline - Class Sponsor*

*When October came around the students had the difficult task of electing four special, super students to organize the group and pick new tasks for the freshmen to preform; namely "fund raising."*

*The First fund raiser was to sell jewelry at Christmas time. Though the profits were not enormous they were quite substancial, which reflected the enthusiasm of the participants. In February the class took on the project of a lollipop sale. The sale was a giant success having sold 1,600 lollipops in 4 days. March saw stuffed animals come and go, followed by a "RAINBOW" sale in April. Various rainbow motif items sold very well. The students showed excellent salesmanship during the rainbow sale and the slicker sticker sale, both being very successful.*

*As Sponsor of the group, I would like to thank all of the students for their cooperation and help during their first year at McArthur.*

# Organizations

*Organizations and clubs have been the vitality of McArthur Spirit. The chance to be involved and participate in many varied clubs, and functions, has given many students direction, unity and positive feelings about their school, friends and community.*

*In the past McArthur has had Bible Clubs, Anchor Clubs, and a Chess Club. The many varied clubs that we have today are deep rooted into McArthur's history. Without these clubs, their activities and fantastic sponsors, McArthur would be monotonous and perhaps very difficult for some students to retain their positive attitudes towards our school.*

# GIRLS CHORUS

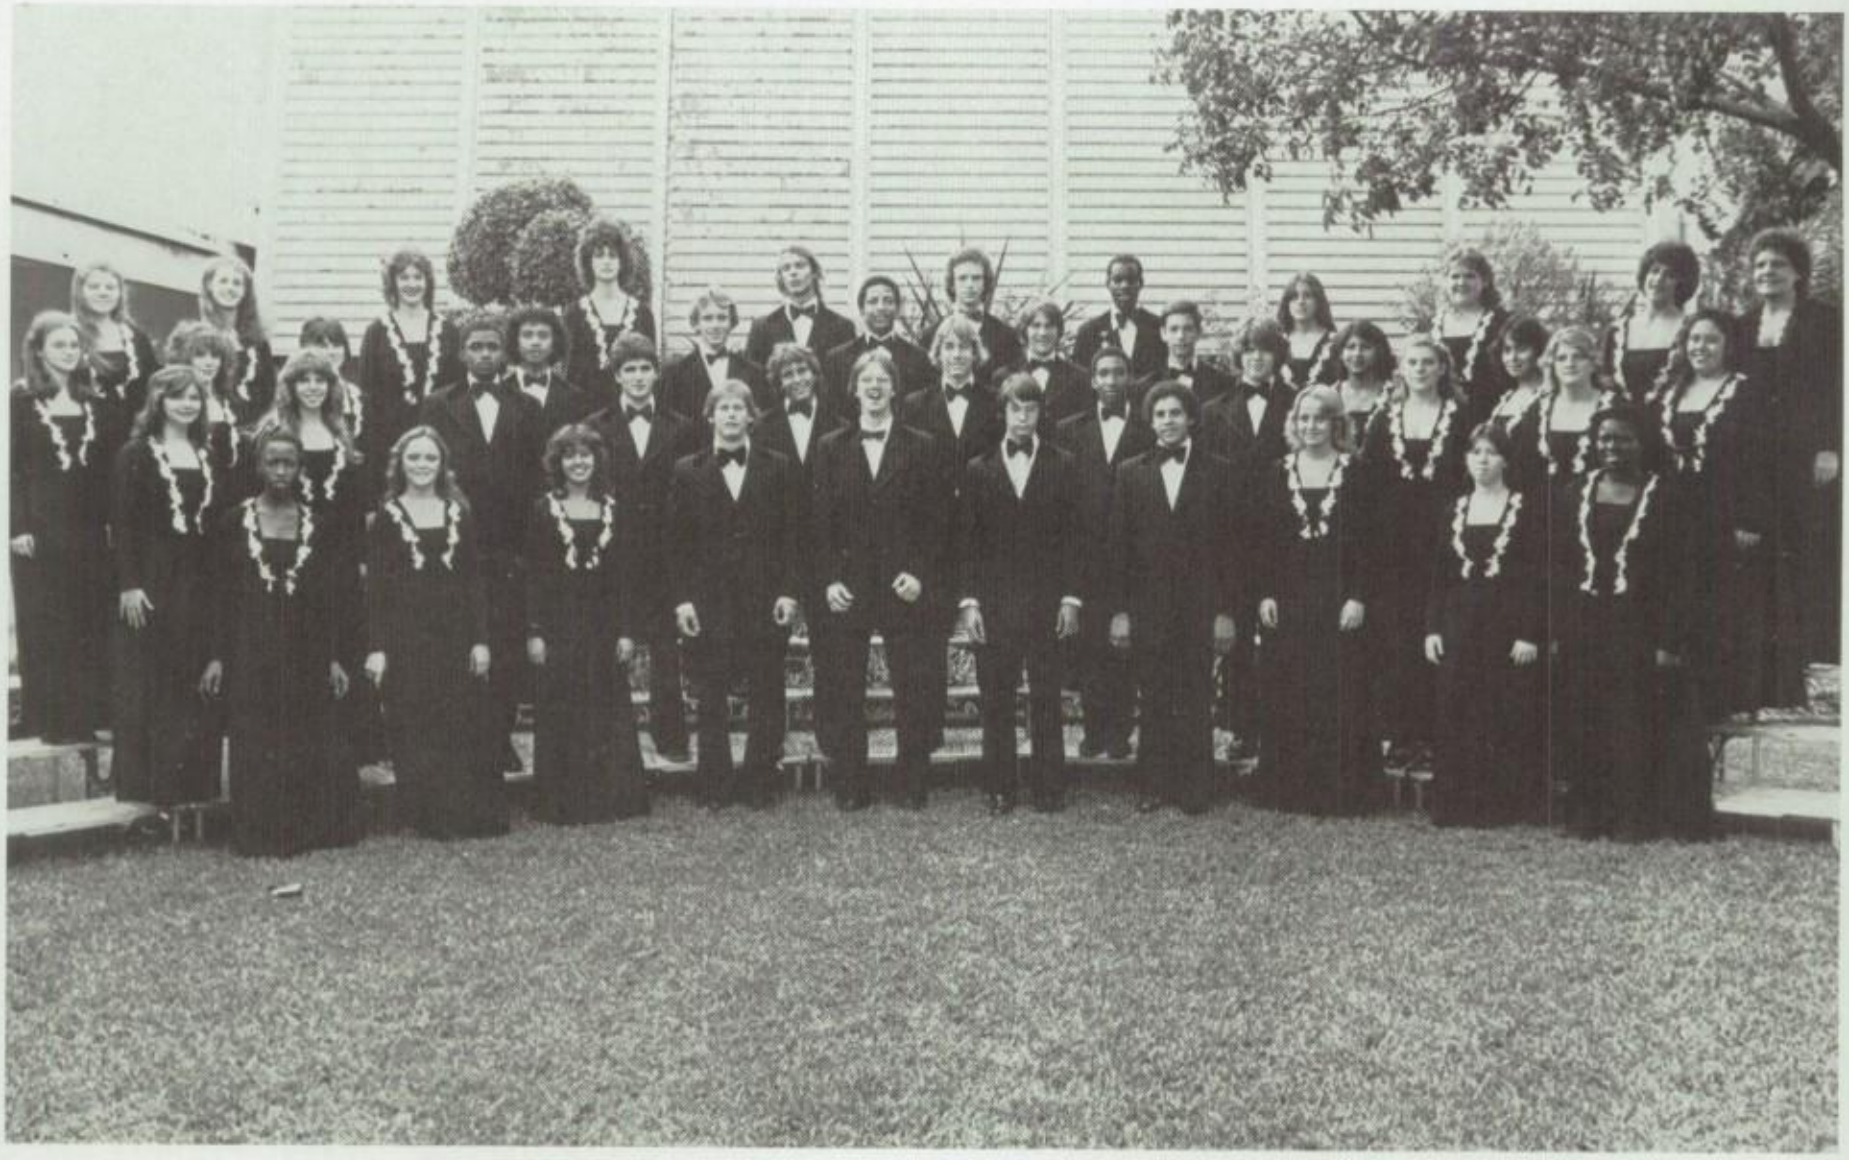
# BEL CANTOS

BEL CANTOS



*The Bel Cantos singers*

*Pres. Barbara Robinson, V. Pres. Michelle Elkinbalm, Sec. Jeff Curry, Treas. Kim Hewett, Librarians Cami Finnigan, George Llorens*

*The Bel Cantos chorus is a mixture of male and female singers. They sing at a variety of concerts throughout the year. The Bel Cantos singers use their talents to fill our school with songs of triumph and spirit.*

BEL CANTOS

# MADRIGALS

*Front - Debbie Nicholes, Melissa Baddelly, Cami Finnigan, Tonya Mobely, Mellisa Young, Tracy Grider, Kathy Lane, Michelle Elkeinbaum, Cara Kennedy Back - Eric Ohff, Jeff Curry, George Scott, John Diggs, John Robertson, Steve Pickett, Andy Johns, George Llorens*

*The Madrigal singers are the overall best singers in our choral classes. They compete in many singing contests and have received a number of awards. The assorted blend of voices all comes together to form a harmonious sound which any music lover will enjoy. The Madrigals perform for many school functions. They host the annual Harvest of Songs Festival at McArthur every year.*

Karen Balke

*One of the most prestigious clubs at McArthur is the National Honor Society. In order to qualify for membership, a sophomore must maintain a cumulative average of 4.0. A junior must have a 3.8, and a seniors needs a 3.6.*

*Members must be active and attend all required meetings and functions or face possible expulsion from the club. Members help fellow students by providing a tutorial service. Additionally, the club pays for the advanced placement exams.*

*The club holds its annual banquet in May where awards are presented and new members and officers are installed.*

*Student government, better known as Student Council, is composed of a group of students who organize and manage the student activities at school. Under the direction of Mrs. Drago, these students work to make McArthur a respectable school. They hold meetings twice a week to discuss the clubs activities and what Student Council can do to improve the school.*

*Both Mrs. Harris and Mr. Dunn helped Student Council prepare for Homecoming. This included Spirit Week and the dance at Galt Ocean Mile.*

*Student Council also oversees the class elections and put on this years Sadie Hawkins Dance. In conclusion, Student Council has been an outstanding, authoritative group. The students and adults involved, have contributed much time and hard work in making McArthur a better school for future students.*

*The Yearbook class gives students the opportunity to put together the complete Mustang Yearbook. Students are involved in all aspects of such a publication. This includes photography, technical layout design, advertisement sales, promotion, and marketing skills. The publication of the yearbook requires a lot of dedication and hard work, but in the end, seeing the final product, creates in each student a pride that will be remembered always.*

*Such a class provides a great opportunity for students interested in the publishing field.*

# Happenings

*Happenings, that is a word encompassing everything that the students participate in, which is a release from the requirements of high school. This is a time to meet with friends, find new friends, and have fun in a project that is established by the school. McArthur always tries to give many opportunities for their students to enjoy both a social and academic atmosphere. These are the times when we can see our teachers in different settings.*

*McArthur has had Donkey Basketball, carnivals, plays, Senior Week, Spirit Week, Homecoming, Prom, Grad Nite, Banquets, dances, car washes and many many more events that we all enjoy. Happenings are the celebration of many accomplishments and they are provided for the students.*

*1982 Calendar Girl*

*Work began in early August to make the 1982 Calendar Girl Contest an event to remember. Enthusiasm and anticipation grew from the very first meeting to the evening of the finals.*

*Eighty-seven young ladies entered the preliminary contest on October 13, 1981, as six faculty judges narrowed the field to forty finalists. Excitement took over as the finalists readied themselves for the final competition on October 22, 1981.*

*The evening of the contest arrived quickly and every girl was anxious, nervous and scared. Still, when the show began, each girl graced the stage with beauty and poise. The five professional judges had a difficult task before them, but in the end, chose the thirteen lovely calendar girls for 1982.*

## THOUGHTS OF THE QUEEN . . .

*When I was a sophomore and a junior princess I always saw someone being named and crowned Homecoming Queen. It never entered my mind that one day it would be me up there in her place.*

*I was honored when I first heard who the five finalists were. My parents were thrilled, and my sister couldn't wait to tell her friends.*

*I remember when they announced my name as being the winner; I was mesmerized. Frank had to nudge me to get me back to reality. My first thought was, "OH MY GOD . . . this is just a dream." After I was crowned, I said to Frank, "I've got to tell my mom and dad." I practically ran to the telephone. My mother was so happy she started crying. In the background I could hear my sister and her friends screaming. It was like a dream.*

Love is like SUPERGLUE!!

The King and his Queen

1st Runner-up, King, and 2nd Runner-up.

*Years ago in the Old West lived Sadie Hawkins. She was a liberal minded woman who decided to take the initiative to ask a man to a dance. This set off a new tradition. On Friday, March 9, 1982 McArthur High followed this tradition with its first Sadie Hawkins Dance. It was a big success and everyone had a good old time.*

When is it going to begin?

# GRAD NIGHT '82

*On May 9, 1982, McArthur Seniors went on an all night outing to Disney World. Eleven buses carried approximately four hundred students and chaperones to Disney World. The students had free reign of the park. The night was filled with fun and excitement for all those that attended Grad Night '82. The buses reloaded at 6:00 A.M. and returned everyone back to McArthur safe and sound.*

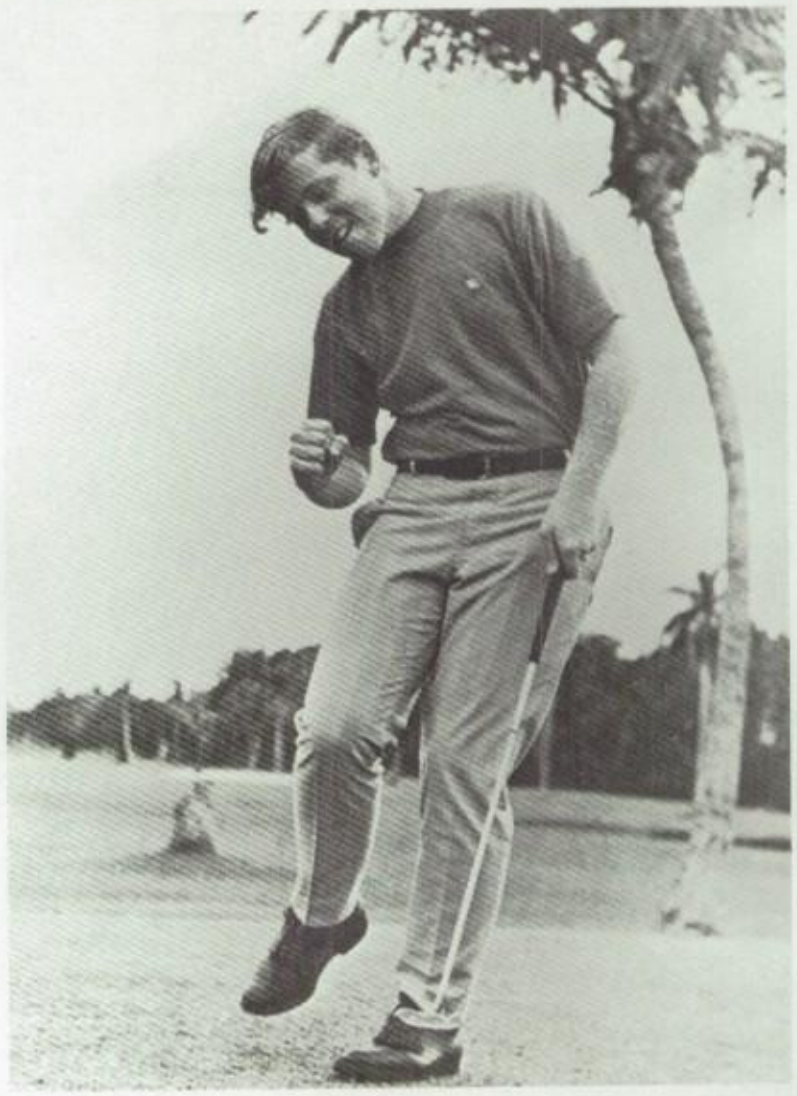
# Sports



*McArthur sports has had many peaks and variations in our history. McArthur has had ping-pong teams, surf teams, girl's football, scuba, along with the sports we have at McArthur presently. The Mustangs have always strived for excellence in their areas and have established records that we have been proud of. We have had stars in all areas, not only the players, but the coaches and the fans.*

*This year's football season can best be described as a mixture. We lost some close games in the final seconds, but along the way we set 5 county passing records. We instilled an active pursuit of academic excellence as 21 players made the Dean's List. We had leadership by our seniors, especially Tom Peddie and Greg LaStella, our co-captains.*

*Greg LaStella, Kevin Sharpe, Tom Peddie, and Rusty Fowler provided a season of thrills for the fans. Sharpe passed for a county record 1826 yards. Peddie broke a county record with 57 receptions. LaStella tied a school record while rushing for a 5.5 yard per carry average and Fowler excited everyone at our Homecoming game by catching 10 passes for 140 yards and 3 touch downs.*

Coach Wurster feels that with players like this, it will make all the difference of turning McArthur's Baseball season around. *All five athletes that competed at districts qualified for regionals and three of those, Felicia Davis, Monica Riddlehoover, and Danielle Heath went on to state.*

*Felicia, only a junior, leaped a national class 5' 8" at regionals to set the Broward County record. She was also one of the areas best in the long jump and 440. Monica, a 4 time state qualifier, led Broward in the shot put and also qualified for regionals in the discus. Danielle, after leading the Lady Mustangs Cross Country team to its 5th straight regional championship, also was one of Broward's top distance runners in track. *With the graduation last year of seven starters it was obvious to me that this would be a rebuilding year. There were many good young players that with experience I knew would blend well with the Seniors. Our biggest problem was that we did not have enough scoring punch to keep the pressure off the defense. We were able to shutout the opposition five times but in turn we were shutout seven times. One of the high points of the season was our 4-3 victory in the 1st Annual Alumni Game. A few of the standouts this year were Tom Meingasner in goal, John Alfaya, coming back to soccer after a two year absence, Captains Tom Peddie and Jim Grimm and two scoring threats for next year, Steve Plante and John Johnson. Sandy Voll emerged as a First Class Goalkeeper and Dale Westacott and Ricky Leun will be back to help steady our defense. Claude Spennato and Ed Moss were steady performers all year.*

*I would like to thank the nine Seniors for their devotion to the team over the past three years and wish them success in their future endeavors.*

*I am looking forward to next year with great anticipation as I feel that we will be back as one of the contenders for the District Championship.*

McArthur's 81-82 SWIM TEAM

The McArthur Swim Team for the 1982 season was in a rebuilding year. Not only the swimmers, but the pool as well was rebuilt. The girl's swim team, lead by Andrea Gasque, Captain; consisted of 12 athletes, mostly freshmen or first time sophomores. The team swam to a well deserved season of 3 wins and 5 second place positions.

The boy's swim team consisted of 9 swimmers. One of the swimmers was the talented, sophomore Captain, Andy Johns. Andy swam an undefeated season this year. The team as a whole achieved one victory with several impressive swims throughout the year.

# CAXTON ART GALLERY

Custom picture framing by the **CAXTON ART GALLERY** will add grace and beauty to all of your favorite paintings, photographs, needlepoint and other artwork. It's one sure way to make any room look better!

Located at 5733 Hollywood Blvd. in Hollywood, phone 966-0001 this quality minded shop features one of the area's largest selections of framing stock in a myriad of colors and styles. Choose the type you like best and have them frame your favorite painting to your exact specifications. You'll really like the effect they create by imaginative use of color and design. You may want to have them make a pillow out your own creations in yarn, (these look especially nice this way).
